

# Welcome to Northwood Drive

## A Heartfelt Letter from the Owner

Welcome to Northwood Drive! This sleepy street is full of warm vibes and friendly neighbors. My grandparents lived in this house since the 70s, and we have gotten to know the residents nearby well. Everyone will be willing to lend a helping hand and a friendly smile. The street is covered in a tree canopy, which makes afternoon walks a dream! Being near the forest gives the illusion of a weekend getaway every day.

There are lots of kids who are able to play out front and ride bikes up and down the street with no fear of danger. It's a slice of the past nestled in the bustling future of Conroe. We are sad to have to leave it but know that you are buying more than a house. You are buying a village. ❤️
