Features Love Most

My library is my favorite room in the house.

I love how bright + open the main rooms are.

They get a lot of afternoon light/sun. I very much enjoy the inground vegetable garden, and all the sun the backyard gets. The front pool is super deep

as are the trails for running around the front pond.

The gym is nice and easily accessible. I love

that the bedrooms upstairs are very spacious and the closets are nice sized. It's a great

school district to grow up in. There are 5-6

girls and 2-3 boys living on the cul-de-sac.

They range from K-6th grade. (3 girls are both).

My son was a diver and we were super close

to the Woodlands Diving Academy (Nataatorium + dryland is in the gym behind the house). Excellent High School.

Such a great neighborhood to grow up in. There are

food trucks in the front pool parking lot every Tuesday.
