633 ASHBROOK RIDGE

Welcome to your Drees Custom Home in the coveted Woodtrace community. This single-story residence boasts engineered hardwood floors, soaring ceilings, and a formal entry that sets the tone for refined living. A sunlit private office and chef's kitchen await, featuring stone countertops, under-cabinet lighting, and a 5-burner gas cooktop. The open-concept design flows seamlessly into a spacious living area with a custom stone fireplace and dramatic pitched ceilings. The serene primary suite offers a tray ceiling and a spa-like bath with designer tile, dual vanities, soaking tub, walk-in shower, and a large closet. Secondary bedrooms include modern finishes and generous space, while a dedicated game room provides the perfect setting for entertaining or relaxing. Step outside to your oversized backyard oasis with lush landscaping, a brick surround, and a covered patio. Enjoy lakes, parks, trails, and the splash pad just moments away.
