

“Red Brick Retreat”

31026 Johlke Road

Highlights - Owner’s Description on why they love the property:

The Red Brick Retreat makes true the saying “There is No Place Like Home.” A unique blend of luxury living in a country environment located 10 minutes from city conveniences. We took an already amazing property and added \$550+K of upgrades and lived by the motto: “Let’s stay home.” One time we had our camper trailer hooked up to go away for the weekend and we looked around and realized, “we can do more here than at almost any state park we would go to.” So, we camped in our own back yard. We fished, cooked our own fish for dinner, swam in the pond, played at the beach, rode horses, paddle boarded, kayaked, had a campfire with s’mores.

Out of town family comes to visit and we will be fully entertained on property for days and never run out of things to do. The list of amenities and entertainment options is extensive: Swimming in pool, swimming in pond, pickleball, tennis, basketball, riding horses, riding mountain bikes, dirt bikes, shooting sports, hunting, archery, canoeing, kayaking, fishing, playing at the beach, gardening, bon fires, camp fires, camping, animal husbandry, and gathering fresh eggs. We have loved living here and having plenty of room for our family and friends. We’ve hosted dozens of events from birthdays and weddings to farewells, reunions, youth camps and get aways. At the Red Brick Retreat, there really is “No Place Like Home!”
