

Home improvements

3 new exterior doors

Remodel on fireplace

Brand new electrical box for house and wiring in certain areas

Has a brand new outlet placed outside of electric box for generator hook up in case power goes out

Has second electric meter outside by rv cover with full hook ups available

Shop has full power and is brand new (900 sq ft)

New roof to house and garage (2024)

Garage has electricity in it now as well and it didn't before

New windows on house

New driveway laid with slag

Basketball goal

Fencing for animals

Feed Shed

Fenced and gated property was added that wasn't here previously

New light fixtures

Animal enclosures can stay (chicken coop, goat, quail pen, etc). Rabbit hutch will be going with us.

New built ins added in living room.

New writing harness was added in living room that needed to be replaced when we moved in.

New light fixtures outside

Animal shelter in back pasture is new and wasn't here before

New barn door built and added in master bedroom for room separation from bathroom

New locks on exterior doors

New ac drip line extender added by front door (used to be a black tube dripping on door when we moved in).

Landscaping has been reworked and added since there was none before

Water well works - needs new motor pump. (\$150)

Pond added but needs to be finished by new buyer.

2 new interior doors added.

Back porch was redone and stained.

Hutch for island and second top half that's in pantry can stay.

Refrigerator stays

New water heater 2024
