Doing What I Love, and Loving What I Do...

642 Durham Dr.

In River Plantation Village

10 Things We Love Most About Our Home

1. The open space in the back. There are so many beautiful trees and birds that come to the birdfeeder—such a lovely and peaceful space.
2. The neighbors. Everyone on our circle is friendly and really looks out for each other.
3. The neighborhood. The majestic trees along the winding roads, the covered bridge at the entrance, the extra space, and the unique houses.
4. The walking path. A previous golf course was turned into a walking trail. Very nice to have a safe walking area free from car traffic. It is easily accessible from Durham Dr.
5. Nature. So much wildlife to see and hear right from the yard or walking around the neighborhood. There are hummingbirds, owls, bluebirds, cardinals, and many others. We also see deer and rabbits.
6. Location. River Plantation is ideally located—ten minutes or less to The Woodlands or Conroe and a very easy trip down I-45 to Houston. There is a Kroger on the other side of 45, and an HEB is also convenient on 1488 and Kuykendahl.
7. Safety. We feel very safe and comfortable in our location.
8. I love the cozy sunroom at the back of the house. With windows on two sides, there is always a beautiful nature view—the perfect spot for a reading nook, an office, or a comfy chair for morning coffee.
9. The welcoming Kitchen is the heart of my Home as it is open to the Living Room, the Sunroom, and its dining area with tall windows facing the front gardens, and a door leading to the garage which tremendously helps with the unloading of groceries.
10. Back patio. The back patio extends the living area—a nice spot for a neighborly get-together or dinner outside. The beautiful trees keep the area shaded most of the day.
