If the answer to any of the items in Section 2 is yes, explain (attach additional sheets if necessary):

(Floors) Solid oak floors were installed in the master bedroom, hallway, and study. The adhesive has failed and the floor buckled. A repair was started, but it was decided a repair is not a good long term solution. Sellers have planned a concession of \$7,000 to replace these floors. Buyers can choose the new flooring from inventory at Floors for Living. Quality flooring and excellent warranties.

(Ceilings) Minor roof leak in master closet 2-3 yrs ago. Crack and discoloration in ceiling drywall have been repaired. Minor cracks in upstairs ceiling caused by normal settlement a couple of years after being built. Repaired and repainted.

(Walls/Fences) Fences are inconsistent. Black metal fence in front, tall no-climb horse type fence on the west, mid height stock fence on east side of yard. Fence is intended to keep medium size nonaggressive dogs contained. Very small and very large dogs can escape. Buyer should evaluate the fence for their needs. Back yard fence was removed to improve the view and access to fruit trees and wooded area.

The brick walls have a few minor settlement and expansion cracks. Repairs can be seen and will probably

be noted during inspection.
 (Doors) Water damage to utility room exterior door frame. Damage repaired .
 (Interior Walls) Minor settlement cracks repaired.
 (Windows) One library window is hazy. Replacement has been ordered, expected by March 31.
 (Driveways) Minor cracks in concrete, expansion joints slightly uneven.
 (Exterior Walls) Settlement caused small cracks in grout and bricks. Chipped grout in breezeway. Repairs may be visible.
 (Roof) A roof jack (seal) over a plumbing vent in the roof over the master closet leaked. The leak was spotted within a brief time and the leak was covered. The small crack in the jack was repaired, sealed, and covered by galvanized metal flashing.

If the answer to any of the items in Section 3 is yes, explain (attach additional sheets if necessary):

(Diseased Trees) The 5 acre property has dozens of mature trees and undergrowth that have grown naturally. Some have been injured or died on their feet. Trees that seem diseased and presented a threat to the house or the public have been removed. Numerous trees in the wooded areas have visible damage.
 (Improper Drainage) 1. Seasonal or sporadic torrential rains such as tropical storms can overwhelm the drainage ditch by the road at the front of the property. If this happens, water runs over the driveway into the neighbors yard. Water depth in this event has been observed 2 inches to 3 inches deep.
 2. During these torrential rains, the back yard can have significant visible water standing and moving. After the rain, it can take several days for the yard to dry out enough to mow.
 3. The heavily wooded area behind the back yard gets very wet during these storms. Driving a vehicle there is not possible unless it is a 4x4 lightweight ATV type vehicle. Even then it is not recommended.
 (Previous Roof Repairs) Minor repairs over master closet. Detailed in previous section.
 (Settling) House settled the first few years after construction. Small cracks were repaired n brick and

drywall.

(Soil Movement) In the yard, small sink holes and cracks occasionally appear. Settlement cracks have been repaired in the house and garage. These issues seem to be most common during drought conditions. In ground sprinkler system was added to improve this.

(Water Damage Not Due to a Flood Event) Minor leak in master closet roof. Described earlier.

(Wetlands on Property) The wooded area is wet during and after heavy rains. Buyer will need to determine if this constitutes wetlands. This topic has never been pursued for this property.

(Previous treatment for termites or WDI) No defect. No professional treatment. Owner periodically treats the exterior to prevent ants or other insects from entering.

*A single blockable main drain may cause a suction entrapment hazard for an individual.

Section 4. Are you (Seller) aware of any item, equipment, or system in or on the Property that is in need of repair, which has not been previously disclosed in this notice? yes no If yes, explain (attach additional sheets if necessary):

1. A straight fixed stairway inside the garage provides access to the storage / work area above the garage. It does not have a handrail to allow for carrying awkward sized items upstairs. This may not be to code.
2. A small shed (10x12) was built in 2026 to protect the well and provide lawn tool storage. The structure is beside the driveway, near the propane tank. This is not on the current survey and has not been recorded by the tax office.

Section 5. Are you (Seller) aware of any of the following conditions?* (Mark Yes (Y) if you are aware and check wholly or partly as applicable. Mark No (N) if you are not aware.)

Y N

- Present flood insurance coverage.
- Previous flooding due to a failure or breach of a reservoir or a controlled or emergency release of water from a reservoir.
- Previous flooding due to a natural flood event.
- Previous water penetration into a structure on the Property due to a natural flood.
- Located wholly partly in a 100-year floodplain (Special Flood Hazard Area-Zone A, V, A99, AE, AO, AH, VE, or AR).
- Located wholly partly in a 500-year floodplain (Moderate Flood Hazard Area-Zone X (shaded)).
- Located wholly partly in a floodway.
- Located wholly partly in a flood pool.
- Located wholly partly in a reservoir.

If the answer to any of the above is yes, explain (attach additional sheets as necessary):

****If Buyer is concerned about these matters, Buyer may consult Information About Flood Hazards (TXR 1414).***

For purposes of this notice:

"100-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, which is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.

"500-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area, which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which is considered to be a moderate risk of flooding.

"Flood pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that is subject to controlled inundation under the management of the United States Army Corps of Engineers.

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.

"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.

Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood Insurance Program (NFIP)? yes no If yes, explain (attach additional sheets as necessary):

*Homes in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance. Even when not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate risk, and low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the structure(s).

Section 7. Have you (Seller) ever received assistance from FEMA or the U.S. Small Business Administration (SBA) for flood damage to the Property? yes no If yes, explain (attach additional sheets as necessary):

Section 8. Are you (Seller) aware of any of the following? (Mark Yes (Y) if you are aware. Mark No (N) if you are not aware.)

Y N

Homeowners' associations or maintenance fees or assessments. If yes, complete the following:

Name of association: _____

Manager's Name: _____ Phone: _____

Fees or assessments are: \$ _____ per _____ mandatory voluntary

Any unpaid fees or assessment for the Property? Yes (\$ _____) No

If the Property is in more than one association, provide information about the other associations below or attach information to this notice.

Any common area (facilities such as pools, tennis courts, walkways, or other) co-owned in undivided interest with others. If yes, complete the following:

Any optional user fees for common facilities charged? yes no If yes, describe

- Any notices of violations of deed restrictions or governmental ordinances affecting the condition or use of the Property.
- Any lawsuits or other legal proceedings directly or indirectly affecting the Property. (Includes, but is not limited to: divorce, foreclosure, heirship, bankruptcy, and taxes.)
- Any death on the Property except for those deaths caused by: natural causes, suicide, or accident unrelated to the condition of the Property.
- Any condition on the Property which materially affects the health or safety of an individual.
- Any repairs or treatments, other than routine maintenance, made to the Property to remediate environmental hazards such as asbestos, radon, lead-based paint, urea-formaldehyde, or mold.
If yes, attach any certificates or other documentation identifying the extent of the remediation (for example, certificate of mold remediation or other remediation).
- Any rainwater harvesting system located on the Property that is larger than 500 gallons and that uses a public water supply as an auxiliary water source.
- The Property is located in a propane gas system service area owned by a propane distribution system retailer.
- Any portion of the Property that is located in a groundwater conservation district or a subsidence district.

If the answer to any of the items in Section 8 is yes, explain (attach additional sheets if necessary):

Section 9. Within the last 4 years, have you (Seller) received any written inspection reports from persons who regularly provide inspections and who are either licensed as inspectors or otherwise permitted by law to perform inspections? yes no If yes, attach copies and complete the following:

Inspection Date	Type	Name of Inspector	No. of Pages

Note: A buyer should not rely on the above-cited reports as a reflection of the current condition of the Property. A buyer should obtain inspections from inspectors chosen by the buyer.

Section 10. Check any tax exemption(s) which you (Seller) currently claim for the Property:

- Homestead
- Senior Citizen
- Disabled
- Wildlife Management
- Agricultural
- Disabled Veteran
- Other: _____
- Unknown

Section 11. Have you (Seller) ever filed a claim for damage, other than flood damage, to the Property with any insurance provider? yes no
