"The real property, described below, that you are about to purchase is located in the Bacciff Municipal Utility District. The district has taxing authority separate from any other taxing authority and may, subject to voter approval, issue an unlimited amount of bonds and levy an unlimited rate of tax in payment of such bonds. As of this date, the rate of taxes levied by the district on real property located in the district is \$.2800 on each \$100 of assessed valuation. If the district has not yet levied taxes, the most recent projected rate of tax, as of this date, is \$ N/A on each \$100 of assessed valuation. "The district is located in whole or in part in the extraterritorial jurisdiction of the City of Texas City, Texas. By law, a district located in the extraterritorial jurisdiction of the municipality may be annexed with the consent of the voters of the district. When a district is annexed, the district is dissolved."

"The purpose of this district is to provide water, sewer, drainage, or flood control facilities and services within the district through the issuance of bonds payable in whole or in part from property taxes.
