All windows are from Window World, they have a lifetime warranty. Spoke with them about the warranty transferring to new owner. They said to give them a call and they would discuss the fee to transfer. They are pricey but worth it, I just had 4 windows replaced because the seal broke and windows fogged up. I sent pics of them and the numbers on window they order them then come back and install them. I have had to do this 3 times since 2019.
