## Here in The Village

Our community is a beautiful place to live and a suitable place to find friends and activities that you can enjoy. Everyone has talents, and hobbies; we encourage you to develop those and learn new things. To do this, there are many clubs and groups to join. If you have a talent, or hobby that is not already being nurtured by a group here, we would ask that you get with the staff to coordinate how to start one up or express interest in doing so!
