If the district has not yet levied taxes, the most recent projected rate of tax, as of this date, is \$.162447734 on each \$100 of assessed valuation. The total amount of bonds, excluding refunding bonds and any bonds or any portion of bonds issued that are payable solely from revenues received or expected to be received under a contract with a governmental entity, approved by the voters and which have been or may, at this date, be issued is \$0.00, and the aggregate initial principal amounts of all bonds issued for one or more of the specified facilities of the district and payable in whole or in part from property taxes is \$0.00."The district has the authority to adopt and impose a standby fee on property in the district that has water, sanitary sewer, or drainage facilities and services available but not connected and which does not have a house, building, or other improvement located thereon and does not substantially utilize the utility capacity available to the property. Any person may request a certificate from the district stating the amount, if any, of unpaid standby fees on a tract of property in the district. "The purpose of this district is to provide maintenance of drainage ditches, repair of culverts, to monitor and mitigate drainage, or flood control facilities and services within the district through the issuance of bonds payable in whole or in part from property taxes.
