

A LETTER FROM THE SELLER OF
10152 Longmont Drive

I bought this home for the location – steps from Town & Country, Lifetime Fitness, and some of Houston's best dining and shopping. What I didn't expect was how much I'd fall in love with the daily experience of living here: French doors opening to the back patio, a palm tree outside the master bedroom window, birds in the tree-lined walking path every morning, fresh air moving through the whole house on a good day.

The home itself has beautiful original hardwood floors, more storage than you'll ever need, and a dedicated home office internet line already run across the house.

The community is quietly special – semi-gated with evening security, immaculate landscaping maintained by the HOA, a pool, tennis and pickleball courts, a park, and neighbors who are genuinely respectful and friendly. It's a safe and well-kept neighborhood in such a great part of Houston.

I'm moving on because my work lets me live anywhere, and it's time to explore. But my most memorable moment here was my very first night – no furniture, sleeping on the living room floor, just proud that this beautiful house was mine. I hope it gives you that same feeling.

Warmly,

Christopher Winters
