BLOSSOM HILL PARK

Welcome to Blossom Hill Park

a boutique community at park intersections

At the intersection of Memorial Park and Buffalo Bayou Park—surrounded by miles of scenic hike and bike trails, dog parks, and outdoor recreation—Blossom Hill Park is a boutique luxury community from Farb Homes, designed for elevated urban living. Ideally situated in the highly sought-after Montrose/Washington Corridor, these elegant freestanding residences offer expansive open-concept floorplans, refined finishes, and an exceptional location just minutes from Downtown and Houston's premier dining, shopping, cultural, and sports destinations. This intimate enclave presents a limited collection of three-bedroom, three-and-a-half-bath homes featuring modern interiors and classic exterior architecture, wide-plank engineered wood flooring, light-filled living spaces, and chef-inspired kitchens with Carrera islands and premium stainless steel appliances. Spanning three stories, each home includes an attached two-car garage, a spa-like primary suite, private balconies, and rooftop terraces—offering a rare opportunity to enjoy luxury living at the center of it all.
