Hello,

Branch Construction will be repairing the mailbox located at 8831 Hedgestone Ct., La Porte, TX 77571.

The mailbox was damaged during construction activities. We still have remaining site restoration work to complete, including adding dirt behind the curb and restoring the area to proper grade, before the repair will take place.

At this time, we anticipate the mailbox repair will occur around mid-June, possibly sooner depending on progress.

Please let us know if you have any questions or concerns.

Thank you,

Savannah Holcomb
