The hill on the property my kids loved, in the summer we would set up a tarp and we had a slip and slide. On the few occasions it snowed we would slide down the hill, so fun!

Things we will miss about this home:

The closet under the stairs by master bedroom was our boys favorite inside fort/hideaway.

The other closet under stairs by kitchen was a great place to store items you might need within easy reach.

The hill on the side of the home invites sliding fun, either on a slip-n-slide in the summer or on the rare occasion when it snows in the winter, it was perfect for sledding.

Many a fun evening down by the firepit, roasting marshmallows and making some-mores.

Will miss walking down the hill across the field to gather fresh eggs from our chicken coop (which has 4 chickens).

The cul-de-sac is a great place for kids of all ages to ride bikes & scooters away from traffic.

Great place for families that enjoy hikes and walks. Especially in the spring when you walk back towards the creek along the greenway that goes on for a quite a bit parallel to Cypress Creek.

Fun Summer evenings, sitting and relaxing around pool and hot tub.

Morning coffees out by the koi pond.

Husband of house will miss his private office off the bedroom away from any household noises. And ability to use private door off office with access to a small patio facing pool, great for outdoor work with a laptop.

Lots of parking in front of house, cul-de-sac and behind house to accommodate large parties.

The air-conditioned rooms at far end of garage have many uses, efficiency apartment or workroom/studio. Has private entrance by electric gate and also access to the garage.
