## Slip/Dock Mitigation Rule

Anytime either a "slip lessee" or the HOA identifies a need for a slip finger repair and that finger is shared by separate lessees (Lessee's 'A' and 'B'), then 'A' and 'B' should work together to come up with a plan and agreement to repair the finger as needed and to split the cost. Should 'A' and 'B' be able to reach agreement on the repair plan and payment to the satisfaction of both parties, then there is no need to involve the Lake Pointe "HOA" if

the deadline is met. **For further explanation see “BOAT SLIP/DOCK MITIGATION RULE”.**

Boats moored permanently at Lake Pointe must be on a lift. No permanently attached boat covers are permitted.

Swimming is not permitted in the boat slip area and of course, diving from the slips is dangerous and prohibited.

#### **Lease Units**

Owners leasing their unit to a tenant are required by our By-Laws to inform the Association's Property Manager of the name of their tenant so that these Rules and other matters can be brought to their attention. A copy of these Rules and Regulations shall be provided to tenants. Leases must be for a term of **no less than six (6) months** in duration.

#### **Maintenance Requests**

All maintenance requests should be directed to the Lake Pointe Owners Association's Property Manager.
