

Better Homes and Gardens Real Estate Gary Greene

6811 Pinehearth Court

WHAT I LOVE ABOUT MY HOME

- One of the reasons we purchased our house was the location in a Cul-de-Sac. This way we could bring up our kids in a safe place to play outside.
- We built our pool and spa in 2005 and changed our back yard in an oasis. This is where we spend most of our time.
- As our kids were still small, we built a special removable pool fence, which separated the pool completely from the back patio. This pool fence is removable and can be rolled up and stored into the garage.
- The open floor plan appealed to us right away.
- Unfortunately, all our kids are grown and have moved out. This makes our house too big for just my wife and I. So, we will be moving to something smaller.
- We hope the new owners will enjoy this house as much as we do.
