THE STATE OF TEXAS, COUNTY OF POLK, KNOW ALL MEN BY THESE PRESENTS:

That Charles J. Gerlach, Jr., d/b/a Livingston Land & Development Company, hereinafter referred to as Developer, desiring to create and carry out a uniform plan for the improvement, development and sale of lots in Holiday Lake Estates, a Subdivision in Polk county, does hereby adopt and establish the following reservations, restrictions, covenants and easements to apply uniformly on the use, occupancy and conveyance of all lots in said Subdivision, and each contract or deed which may be hereafter executed with regard to any of the lots in said Subdivision shall be conclusively held to have been executed, delivered and conveyed subject to the following reservations, restrictions, covenants, easements, liens and charges, as well as any recorded amendments thereto, regardless of whether or not the same are set out or referred to in said contract or deed, to-wit:

RESERVATIONS

There are specifically reserved those certain easements for installation and maintenance of utilities and drainage facilities as shown on the recorded plat of said Subdivision. Neither Developer nor any utility company using the aforementioned easements shall be liable for any damage to shrubbery, trees, flowers or property of any kind on the land within the boundaries of said easements.

RESTRICTIONS

With the exception of Lot No. 1, Block No. 1, which is hereby specially reserved for the commercial or business use, and except for Lot Nos. 30, 31, and 32, of Block No. 9, which are hereby specially reserved for use by lot owners in the Subdivision as a park and as an access way to the river, all lots in Section 1 are restricted to residential purposes only, such residences not to exceed two stories in height and a private garage not to exceed the height of the residence, but which may contain living quarters only for bona fide servants. It is the express intention of the Subdivider to dedicate Lot Nos. 30, 31, and 32, of Block No. 9, to the use of all lot owners in the Subdivision, but not to the general public or any others.

No building shall be erected, placed, or altered on any lot in this Subdivision until the plans and specifications with a plot plan for such building has been approved in writing by the Architectural Committee of the Subdivision. Such Architectural Committee shall be appointed and will serve as hereafter designated; however, the Committee must approve such plans, specifications and plot plan in writing within thirty (30) days after the same have been submitted, otherwise it shall be deemed that such plans, specifications and plot plan have been approved.

The ground floor living area of the main structure, exclusive of open porches and garages, shall not be less than six hundred (600) square feet for a one (1) story dwelling, nor less than nine hundred (900) square feet for a dwelling of more than one (1) story.

No building shall be located on any residential lot nearer than twenty five (25) feet to the front lot line, nor nearer than ten (10) feet to any side street line, nor nearer than five (5) feet to an interior lot line. Corner residential lots shall be deemed to front on the street side having least frontage. No lot shall be used except for single family purposes.

No trailer house, tent, shack, or other temporary structure shall ever be placed on any lot. Overnight camping privileges may be permitted with the express approval of the Committee.

No noxious or offensive, unlawful or immoral activity shall be carried on upon any lot or tract, nor shall anything be done thereon which shall become any annoyance or a nuisance to the neighborhood.

No hogs, poultry, fowl or cattle may be kept or raised on any part of the Subdivision, unless provided for under a grazing lease. Household pets may be kept but may not be bred or maintained for commercial purposes or for sale.

No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structures designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

No outside toilets shall be installed or maintained on any premises and all plumbing shall be connected with a septic tank and adequate drain field, constructed and installed in accordance with the health regulations of the State and County and of any other governmental authority having jurisdiction; and the same shall be subject to inspection and approval of the Health Officer or agency

of Polk County, Texas. The same shall not be drained, directly or indirectly, into any road, street, alley, or open ditch, or the Trinity River or Holiday Lake.

Private driveways and walks crossing any ditch along any of the dedicated roadways must have culverts of sufficient size to prevent flooding or other obstruction in the flow of water through the ditch. All culverts shall be constructed of concrete.

Each lot owner shall cut the grass and weeds on his lot as often as necessary to maintain the same in a neat and attractive condition, and shall keep his lot free of trash, garbage and debris.

No lot shall be used for the storage of any material, except that required for the construction of authorized buildings, which material shall be used or removed in a reasonable length of time.

No sign of any kind shall be kept or displayed to the public view (except by the Subdivider) other than name and street number sign, provided, however, that this covenant shall not apply to those lots reserved for business use, and provided, further, that the Subdivider may grant permission in writing to lot owners for the displaying of approved signs offering such lot for sale. Developer can remove any sign violating this provision, without consent of the land owner and without any liability.

No boat, trailer or equipment shall be parked on any street in said Subdivision.

Dirt shall not be piled upon any lot, except that which is necessary in connection with landscaping, and dirt shall not be removed from any lot without the written approval of the committee.

No hunting or shooting of firearms shall be permitted in the Subdivision.

If the owner of any lot fails to abide by any obligation or provision pertaining to cleanliness or maintenance of lot as previously mentioned, the Committee, or its agents, may go upon such lot and correct the default, and shall not be guilty of any trespass or liable to the lot owner in any respect for doing so, and the lot owner shall be obligated to reimburse the Committee for its expenses in doing such work, and the amount to be reimbursed shall be secured by a lien against the lot in the same manner as the maintenance charge hereinafter provided for.

The private parks located on the river and on the lake or lakes, shall be used in common by the owners of other lots in said Subdivision for community recreational purposes approved by the Committee. Only the owners of lots and their families, and guests accompanying them, shall use such parks. All recreational facilities such as club house, swimming pool, tennis courts, etc., shall be under the supervision of the Committee. The Committee shall have the right to appoint additional members to the Committee to help supervise the Subdivision.

Holiday Lake may be used for swimming, fishing or boating, however, there shall be no motors, other than electric motors, permitted on this lake.

No piers shall extend farther in the lake than fourteen (14) feet.

COMMITTEE

There is hereby created Holiday Lake Estates Architectural Committee, which shall initially be composed of three (3) persons.

The Committee shall be composed initially of Mr. C.J. Gerlach, Jr., Subdivider, who will be the Chairman of the Committee, a responsible sales representative for the Subdivision, and on other responsible individual appointed by the Chairman of the Committee.

Within ninety (90) days after the Developer has sold all of the lots in said Subdivision, or sooner if the Developer desires, the Committee shall call a meeting to elect a new Committee, composed of the Developer and lot owners, and similar elections shall be held from time to time thereafter whenever meetings therefor are called by the owners of at least twenty five (25) lots in said Subdivision, or by the then members of the Committee.

A vacancy on the Committee, resulting from death or resignation of any member of the Committee, or from the refusal or inability of any such member to serve, may be filled by appointment by the remaining member or members of the Committee.

Written notice of each meeting called to elect a new Committee shall be mailed to each lot owner at his last known address, at least ten (10) days before the date of the meeting.

At each election, the owner or owners of each lot shall be entitled to one vote. Votes may be cast in person or by holders or properly executed written proxies.

Except for the Initial members of the Committee named above, all subsequent members of the Committee must be officers or representatives of Developer, or its successors, or must be lot owners.

The Committee shall function as representatives of all of the property owners in the Subdivision and shall be authorized to collect and expend, in the interest of the Subdivision as a whole, the maintenance fund hereinafter created; enforce, by appropriate proceeding, the foregoing restrictions;; enforce or release any lien imposed on any lot by reason of a violation of any of the foregoing restrictions, or by reason of failure to pay the maintenance charge hereinafter provided for; and, approve or reject plans and specifications for buildings to be erected in said Subdivision; and, approve or reject any reasonable request of lot owners, such as overnight camping privileges.

ASSESSMENTS

The lots in said Subdivision and the owners thereof are hereby subjected to an annual maintenance charge which shall be an assessment against said lots and the owners thereof for the purpose of creating a fund to be expended by the Committee in the interest of the Subdivision as a whole. The amount of said annual charge shall be \$18.00 for waterfront lots and \$14.00 for inside lots. Each lot owner shall pay the amount of the charge against his lot to the Committee on or before January 15, of each year, and such money shall be held by the Committee in trust and used for the benefit of all the lot owners in said Subdivision. This assessment may be waived specifically by the Developer but in this event, such waiver must appear in the General Warranty Deed.

The following authorized uses of such money are set forth by way of example and not by way of exclusion or limitation; lighting, collecting and disposing of garbage, trash and debris; employing policemen or watchmen; caring for vacant lots; fogging or spraying for insects; and improving and maintaining the parks and other facilities.

The first assessment against each lot and the owner thereof shall be for the calendar year following the year during which the lot is sold by Developer to the lot owner, whether the sale be pursuant to a deed or contract of sale.

Such annual charge may be adjusted from year to year by said committee as the needs of the property may, in its judgment, require, but in no event shall such charge be raised, unless raised by a majority voted of the lot owners.

The amount assessed against each lot shall be secured by a lien on such lot, which lien is hereby created, and such lien shall be enforceable through appropriate proceedings at law by the Committee.

The lien hereby created, as well as the lien referred to earlier in the restrictions, shall be subordinate to the lien or liens of any bona fide lender who hereafter lends money to a lot owner for the purchase of his lot and/or for the construction, improvement and/or permanent financing of any buildings on any such lot, and also such lien will be subordinate to any lien made by a lender to the Developer on any of the lots in the Subdivision.

BE IT KNOWN THAT: These covenants are to run with the land, and shall be binding on all parties and all persons claiming under them for a period of twenty (20) years from the date these covenants are recorded with the County Clerk of Polk County, Texas, after which time said covenants shall be extended automatically for successive periods (10) years, unless an Instrument signed by the majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part, or to revoke the.

All restrictions, reservations and covenants shall be binding upon the purchaser or the successors, heirs and assigns of the purchaser. If Developer, or any of its successors or assigns, shall violate or attempt to violate any of the foregoing restrictions, covenants or provisions, persons owning property in said Subdivision, or the Committee on their behalf, may prosecute by proceedings at law or in equity against the Developer or any of his successors or assigns violating or attempting to violate any of the foregoing covenants, restrictions or provisions, to prevent him or them from doing so, or to recover damages for such violation, for the benefit of any owners of property in said Subdivision as their interest may appear.

If any one or more of the foregoing restrictions or provisions shall become or be held to be invalid, by reason of waiver, judicial decision or otherwise, the other restrictions and provisions set forth above shall not be affected thereby but shall remain in full force and effect.
