

2011 Willowmoss Ct.

Updates and Improvements

In 2018 the home was fully remodeled by the previous owners, which includes expanding the footprint and adding a second story garage apartment to the garage.

Living Room Expansion:

- 443 square feet were added to the back of the home, allowing the kitchen and family room to expand
- A half bathroom was added to the main house
- The footprint of the garage was expanded and a second story was added. 595 square feet of living space, including a full bath and kitchen (no cooktop)
- The garage itself was converted into additional living space
- The back patio was extended and driveway widened
- Shed was added to the back of the garage

Renovations/Updates:

- Kitchen reconfigured, expanded and completely redone
- Primary bath expanded, reimagined and completely redone
- Secondary bathroom completely redone
