

INTERVIEW WITH THE SELLERS

Valuable insight on owning this home

PROPERTY ADDRESS:

12602 Adams Run Drive, Cypress, TX 77429

1. Why did you decide to buy this home for yourself?

We are the original owners. We designed the home ourselves with the intention of making it a welcoming and functional family home, the one place we would call home to raise our family. With two generations of home builders in our family, we finished out many of the interior features ourselves. As the original owners with a vested interest in the property, the home has been very well and responsibly maintained.

2. What do you think are the best features of your home?

The inside of the home is well thought out with attention to every detail. The oversized kitchen, designed with a cook's mindset, is one of the central hubs of the home. It's cozy enough for enjoying family moments gathered around the oversized island, yet large enough to easily entertain. The family room feels like an open extension from the kitchen for feeling connected. Oversized covered patio space with a custom stained tongue & groove ceiling, & has a beautiful view into the backyard to watch & listen to nature. Having all the bedrooms on the first floor is great for families and means the entire second floor is entertainment space. There's enough space upstairs that one room could be converted to a 5th bedroom, especially since there's a full bathroom up

3. Tell me what you like best about your neighborhood?

We fell in love with this neighborhood because of the oversized lots, mature trees, and serenity. It feels secluded yet it's easily accessible to the amenities of the thriving Cypress community. With only one street into the neighborhood, there isn't much extra traffic, which we especially liked when our young kids wanted to play outside. We love that it's a stable neighborhood where we've known the majority of our neighbors since the day we moved in, and we've raised our families together and formed long-lasting friendships.

4. What are your favorite places for recreation, shopping and eating nearby?

Pick any direction in Cypress. You can't go wrong.
