

Things we love about our house!

2408 Hollowbrook Lane

There's isn't much we don't love about the house! We absolutely love the yard, the neighborhood, the trees, the wildlife (deer), the close proximity to everything... mall, shopping, medical, hospitals, I-45. You feel like you're in the middle of the country, yet you're in the middle of everything.

The deer are almost like pets - we've actually had one eat right out of our hands. Open floorpan is great for entertaining, family get togethers, holidays, parties, etc.! The kitchen is great for the chef of the family! The backyard is a haven - great for relaxing, listening to the birds, watching the wildlife and relaxing. The pool is another great way to entertain and have a great time with family and friends. We also love fires in the fire pit in the cooler months. S'mores in the backyard are the best!!
