

WHAT I LOVE ABOUT MY HOME

🦋 Enjoy relaxing in the backyard while watching the hummingbirds visit.

🌿 Gardening in the summertime has been such a joy.

🏡 The open yet cozy living area creates the perfect gathering space — we spend so much time in the kitchen!

🍲 Thoughtfully organized pantry and maximized storage space throughout the home.

✨ The ceiling detail in the primary bedroom is one of my favorite features.

🎮 Kids have plenty of room upstairs to play, relax, and spread out.

🚲 Fantastic neighborhood amenities including walking trails, biking paths, basketball courts, and a pool.

🎄 The grand entry makes a beautiful statement and is the perfect spot for a 12' Christmas tree!

🛏 Private guest suite offering comfort and separation for visitors.

🚗 Oversized garage with an extension and decked attic provides abundant storage and extra workspace.
