

a note from the seller...

From the moment we pulled up and saw the stonework on the exterior, we knew this was our home. What started as love at first sight turned into four years of memories we will carry with us forever.

We brought our malamute Koda and two cats into this home and watched them thrive here, especially Koda, who treated that massive backyard like his own personal kingdom. Evening walks on the trails, lazy weekends on the covered patio, and New Year's Eve at Mount Groves watching fireworks light up the sky. This home and this community gave us a life we genuinely loved living.

Inside, we took care of every detail. The open kitchen made entertaining easy, the granite countertops and soaking tub in the primary bath felt like small luxuries every single day, and the new laminate flooring we installed throughout the bedrooms gave the home a fresh, polished feel. We maintained everything with care because we were proud of it.

The neighbors on Lantana Valley are something truly special. The kind of people who bring treats around the holidays and look out for one another. That's not something you find everywhere, and it made coming home feel even better.

We're leaving because home is calling us back to Clear Lake, not because we wanted to leave. If we could take this neighborhood with us, we would.
