Lifetime warranty on all workmanship

Contract Agreement

Electrical company contract

The undersigned hereby understands that diagnostic work may be needed to identify electrical issues or problems in your electrical system. The diagnostic fee is a flat fee regardless of how long it takes the electrician to identify the problem(s).

If at the end of the diagnostic work, no additional work is needed, you will be charged for diagnostic work performed plus dispatch fees. If additional work is needed you will be given a quote for the work required. Any alteration or deviation from above specifications involving extra costs will be executed only upon written order, and will become an extra charge over and above the quote. **EXCLUSIONS:** We are not responsible for any existing defective wiring or code violations in the existing electrical system and any said defective wiring or code violations that requires us to repair or extend the work we have proposed to install or repair, must be paid for in addition to the proposed price declared above. Due to the nature of this work, it is sometimes necessary to create openings in walls, ceilings or floors to gain access to concealed wiring, boxes, and splices or to install new wiring. Price does not include patching or painting of walls, ceilings or floors that need to be cut or drilled to gain access for installations. I have the authority to order the above work and so order as outlined above. It is agreed that the seller will retain title to any equipment or materials furnished until the final and complete payment is made. If settlement is not made as agreed, the seller shall have the right to remove equipment, materials and the seller will be held harmless for any damages resulting from removal thereof.

I hereby authorize you to proceed with the above work for the price of \$3103.56

Customer's Signature:

Technician's acknowledgment: prior to the customer entering into this contract, I have discussed the nature of service that will be done and costs. I have given a copy of this contract to the customer by email. All work has been done to or has exceeded national or local building codes when applicable. All work has met our company standards.

Technician's Signature:

A handwritten signature in black ink, consisting of several overlapping loops and a long horizontal stroke.

ACCEPTANCE OF WORK PERFORMED: All work has been performed to my complete and 100% satisfaction and that the premises has been left in satisfactory condition.

Work done signature:

A handwritten signature in black ink, featuring a series of parallel diagonal strokes followed by a horizontal line with a small upward curve at the end.
