Subject: Your Weather Stopper. Silver Pledge Limited Warranty # 1818127

Congratulations...

Thank you for choosing the GAF Weather Stopper Silver Pledge Limited Warranty! You can be certain that you've made the best choice to protect your valuable property for years to come.

One Of Our Strongest Warranties...

Ernie Smith & Sons Roofing, your GAF Master Elite Contractor, has registered your GAF Silver Pledge Limited Warranty with GAF World Headquarters. We believe this warranty should give you tremendous peace of mind. Please keep this document as you will need it in the unlikely event that you need to make a claim or if you should sell your property.

GAF Inspection Program...

For single-family homes, GAF has a policy of conducting selective inspections to ensure that your roof was installed properly and the correct products were used (and to help prevent any future problems before they happen). For non-single family homes - such as commercial properties, multi-family buildings, and condo associations - GAF will arrange to have a Certified Quality Assurance Representative perform an inspection on your completed roof.

If your property is going to be inspected, here are some important details you'll need to know:

How? You will be notified by phone prior to the Quality Assurance Representative's arrival. Since all activities are conducted outside your property, it is not necessary for you to be present during the inspection. The representative will leave a list of the various parts of your roofing system that were inspected.

What If? In the unlikely event corrective action is required, don't worry! Your GAF Silver Pledge Limited Warranty was in full effect on the day it was issued to you by GAF. Any necessary modifications will be taken care of at no expense to you!

According to the warranty application form submitted to us by Ernie Smith & Sons Roofing, the following GAF products were installed on your property:

Questions?

Please feel free to call us if you have any questions. Again, thank you for choosing GAF, your best choice in roofing!

Sincerely,

Certified Contractor Services
