

# Reolink Camera System

See Clearer Day & Night – Capture sharp 5MP HD video with enhanced detail to help identify important activity around your home or business. Advanced IR night vision delivers visibility up to 100 ft, helping you monitor driveways, entryways, garages, and outdoor areas even after dark.

No Monthly Fees with Local Storage! Store footage securely on the pre-installed 2TB HDD with no subscription required. Expand storage up to 10TB total via eSATA for longer recording retention. Use the free Reolink app to access live view, playback, and motion events anytime from your smartphone or tablet.

This home is equipped with four cameras. They were strategically placed with you in mind! You will have camera coverage in the front & backyard as well as the front door and the shaded parking beneath the home.
