THE RENAISSANCE AT RIVER OAKS UNIT OWNERS' ASSOCIATION RULES AND REGULATIONS

These Rules and Regulations have been adopted by the Board of Directors of The Renaissance at River Oaks Unit Owners' Association in accordance with the provisions of Article VI, section 1(h), of the Second Restated and Amended By-Laws for Renaissance at River Oaks Unit Owners' Association (the "By-Laws").

These Rules and Regulations apply to the Units, Common Elements and Limited Common Elements. By owning or occupying a Unit in the Renaissance at River Oaks Condominiums, each Unit Owner and Occupant agrees to abide by these Rules, as well as the obligations of Unit Owners and Occupants provided in the Declaration, Bylaws, and Construction Rules.

For the convenience of Unit Owners and Occupants of The Renaissance at River Oaks, these Rules and Regulations may restate some of the rules and covenants contained in the Declaration and Bylaws. Most of these Rules and Regulations, however, are in addition to the Declaration and By-Laws.

These Rules and Regulations are subject to revision, replacement or supplementation. Unit Owners and Occupants are urged to contact onsite management to verify the rules currently in effect on any matter of interest. These Rules and Regulations shall remain effective until the Association delivers notice of an amendment or revocation of these Rules and Regulations to Unit Owners.

In the event of a conflict between Governing Documents (as defined herein), the hierarchy of authority shall be as follows: the Act (highest), the Declaration, the By-Laws, these Rules and Regulations, the Construction Rules, and community policies promulgated by the Board to supplement these Rules and Regulations (lowest).

A. COMPLIANCE

1. Compliance. Each Unit Owner and Occupant shall comply with the provisions of these Rules and Regulations, the Construction Rules, the Act, the Declaration, the By-Laws, and community policies promulgated by the Board to supplement these Rules, as any of these may be revised from time to time (collectively, the "Governing Documents"). Each Unit Owner, additionally, shall be responsible for compliance with the Governing Documents by the occupants, tenants and guests of his or her Unit and his or her or their respective families, invitees, tenants, subtenants, agents, employees, or contractors. A Unit Owner or Occupant should contact onsite management if he or she has a question about these Rules and Regulations.
2. Additional Rules. Each Unit Owner and Occupant shall comply with all rules and signs posted on the Property by the Board or onsite management, including those regulating the use of recreational facilities. Each Unit Owner and Occupant shall comply with notices communicated by onsite management or the Board, regarding seasonal or temporary rules.

EXHIBIT A

RP-2024-474842

3. Waiver. Certain circumstances may warrant waiver or variance of these Rules and Regulations. A Unit Owner must make written application to the Board for such waiver or variance. An Occupant may also make such application with the written consent of the Unit Owner of such Unit. If the Board deems the waiver or variance warranted, the Board may grant its approval, which must be in writing to be effective.
4. Emergency. Notwithstanding anything in these Rules and Regulations to the contrary, the Board, the Officers, onsite management, and/or the gate attendant shall be entitled, in the event of an emergency, to take any such actions as are reasonably necessary to preserve the life, health and safety of Unit Owners, Occupants and other persons on or near the Property and to prevent damage or destruction of the Property.
5. Complaints. Complaints about an Association contractor or onsite staff must be submitted in writing to onsite management or the Board. "
6. Special Privileges. All Owners and Occupants are entitled to the same level of service, thus special privileges or exceptions to the Governing Documents are not to be sought from the Association or onsite staff, except as provided in paragraph A-3 above.

B. OBLIGATIONS OF UNIT OWNERS AND OCCUPANTS

1. Safety. Each Unit Owner and Occupant is solely responsible for his or her own safety and for the safety, well-being and supervision of his or her guests and any person on the Property to whom the Unit Owner or Occupant has a duty of due care, control, or custody.
2. Damage. Each Unit Owner is responsible for any loss or damage to his or her Unit, other Units, the personal property of other Unit Owners and Occupants or their guests, or to the Common Elements and improvements, if such loss or damage is caused by the Unit Owner or by any Occupant or other person for whom the Unit Owner is responsible.
3. Homeowner Insurance Requirements. Each Unit Owner and Occupant is solely responsible for insuring his or her personal property in his or her Unit and assigned or general parking space, including his or her furnishings, automobile, and items kept in garage spaces. Personal property placed in or on the Property shall be solely at the risk of the Unit Owner or Occupant who owns such personal property. Onsite management can provide information regarding the Association's property insurance. The Policy Resolution: Insurance Deductible, which was adopted by the Board in January 2019, has additional information with respect to the Association's insurance.
4. Risk Management. No Unit Owner or Occupant shall permit anything to be done or kept in his or her Unit or the Common Elements which will result in the cancellation of insurance on any Unit, or any part of the Common Elements or which may be in violation of any law.
5. Reimbursement for Enforcement. A Unit Owner shall promptly reimburse the Association for any expenses incurred by the Association in properly enforcing the Governing

Documents against the Unit Owner, his or her Unit, or Occupants or other persons for whom the Unit Owner is responsible.

6. Reimbursement for Loss and Damage. A Unit Owner shall promptly reimburse the Association for the cost of any loss or damage to the Property caused by the negligence or willful misconduct of the Unit Owner or the Occupants or other persons for whom the Unit Owner is responsible under the Governing Documents.

C. OCCUPANCY STANDARDS

1. Safety. The Association may prohibit occupancy by a person who constitutes a direct threat to the health or safety of other persons or whose occupancy would result in substantial physical damage to the property of others, pursuant to the Fair Housing Act.
2. Term of Lease. A Unit Owner shall have the right to lease, or permit a subsequent sublease or assignment of all (but not less than all) of his or her Unit. No Unit shall be leased, subleased, or assigned for hotel or transient purposes. Any lease of a Unit must be for a period of at least six (6) months but no more than two (2) years.
 - a. Written Leases. Each lease of a Unit must be in writing, and a Unit Owner shall provide the Manager with a copy of each executed lease of that Unit Owner's Unit within ten (10) days of execution. Each lease shall clearly incorporate reference to the lessee's obligation to read and abide by the Governing Documents.
 - b. Lease Termination. Terminations of leases shall be reported to onsite management. Onsite management will deactivate the former tenant(s) access card(s).
3. Entry Keys. All Unit Owners and Occupants shall deposit a duplicate Unit entry key with onsite management which will be locked in a safe and will be kept for limited use related to emergencies, maintenance, repair or upkeep of the Property and as the Unit Owner may otherwise instruct. This requirement is intended for the safety of Unit Owners and Occupants and to minimize or prevent damage to neighboring Units from such incidents as running water, fire, or other unforeseen situations. Each Unit Owner takes full and sole financial responsibility for forced entry under circumstances of reasonable cause as determined by onsite management or the Board, if proper keys have not been furnished to management. In no event shall the Association, the Board, the Manager or any Association employee, contractor, or agent be liable for such entry. The Unit Owner may also leave duplicate keys with onsite management for an authorized individual to pick up at the Unit Owner's risk and responsibility.
4. Door Locks. Unit Owners may, after prior approval of onsite management, change front door locks. New locks must conform to building specifications and uniformity. Each Unit Owner is required to immediately provide the appropriate keys to onsite management.
5. Unit Security Systems. If a Unit contains an interior security system, that system is the personal property of the Unit Owner. Each Unit Owner must provide onsite management

with the security code. The Association shall not be responsible for any charges incurred in connection with the use or operation of the security system.

Each Unit shall be allowed to be used (i) for residential purposes and (ii) as premises which are used by a professional or quasi-professional Occupant thereof as both a residence and a home office for professional pursuits which shall not be disruptive or violate the use, enjoyment and rights of other Unit Owners and Occupants. Except for those activities conducted in connection with a home office as set forth above, no industry, business, trade or commercial activities, unscheduled public visits, nonresidential storage, mail or other use of the Unit shall be conducted, maintained or permitted in any part of a Unit, nor shall any Unit be used or rented for transient, hotel or motel purposes. No improper, offensive or unlawful use may be made of the Property.
2. Annoyance. No Unit may be used in any way that may reasonably be considered annoying to Unit Owners and Occupants of neighboring Units, that may endanger the health or safety of other Unit Owners and Occupants, or violate any law or provision of the Governing Documents.
3. Maintenance. Each Unit Owner, at his or her sole cost and expense, shall maintain his or her Unit and keep it in good repair, including the inner, finished surfaces of the Unit's perimeter walls, floors, and ceilings.
4. Patio or Balcony. Each Unit Owner and/or Occupant shall maintain the Unit patio or balcony in a good state of cleanliness. Cleaning of the patio or balcony shall be done in a manner as to not annoy or inconvenience other Unit Owners and Occupants. A patio or balcony may not be enclosed or used for storage purposes. Balcony flooring cannot be altered (e.g., by tiling) as this will affect the integrity of the construction and could cause water intrusion into the Unit. Objects that might blow or fall off of balconies and cause a hazard (e.g., oversized umbrellas, pillows, cushions, and other light weight objects) or large objects that might exceed weight limitations, cause health, safety, insurance, or liability issues (e.g., hot tubs) are not permitted, unless otherwise approved by the Board of Directors. Potted plants on railings must be properly secured so as not to blow or fall off and have proper drainage so that no spillage mars the exterior of the balcony or affects the Units below.
5. Non-electric Equipment. Only electric grills are permitted to be used on balconies. Gas, propane, charcoal grilling or culinary smoking of any kind is prohibited on a balcony. No Unit Owner shall keep or use a gasoline, propane, natural gas or a non-electric powered generator in their Unit or the balcony.

12. Utilities. Each Unit Owner or Occupant is responsible for maintaining all utilities to his or her Unit except for water, sewer, trash services which are maintained by the Association.
13. Regulation on Hoarding. Hoarding can pose serious health and safety risks for Unit Owners and Occupants. Hoarding is considered a nuisance and offensive behavior under the terms of the Association's Governing Documents. In addition, hoarding typically has a negative impact on other Units or residents requiring Association involvement. Hoarding become a risk factor to the condominiums and community when:
- a. Hoarded items spill out into publicly visible areas such as hallways, driveways, patios, etc.
 - b. Unsanitary hoarded piles (usually mixed with trash) start to attract pests like rodents, bed bugs, fleas, etc., which can also affect tenants nearby.
 - c. Excessive piles of "stuff" block entrances and exits to the living space and also present a fire hazard to the building.

In the event a hoarding situation is found to have any impact outside of the Unit, the Association may pursue the following, which is not a limiting list:

- a. Pursue enforcement of the anti-hoarding ordinance through local law enforcement (pursuant to the Anti-Hoarding law).
