

Sec. 77-26. - Permitted uses.

- (a) *Use of land and building.* Buildings, structures, land, or premises shall be used only in accordance with the uses specifically permitted in the zoning district classification for the site subject to compliance with parking regulations, height, and area requirements, special conditions and other requirements of the zoning ordinance.
- (b) *Permitted use table.* The permitted uses in each specific zoning district are shown by means of symbols in the permitted use tables as follows.

The letter "P" in the zoning district column opposite the listed permitted use means the use is permitted as a use of right in that district. The letter "S" in the zoning district column opposite the listed use means the use is permitted in that zoning district only by obtaining a specific use permit as set forth in section 77-50. No primary use shall be permitted in any district unless the letter "P" or the letter "S" appears opposite the listed permitted use. The letter "O" in the zoning district column means that the permitted use is for office functions only.

Parking requirements are in section 77-45.

- (c) *Uses not listed.* Primary uses not listed in the permitted use table may be permitted by the zoning official in any district where similar uses are permitted. The function and location requirements of the unlisted use must be consistent with the purpose and description of the zoning district, compatible with the permitted uses in the district, and similar in traffic-generating capacity, noise, vibration, dust, odor, glare and heat producing circumstance.
- (d) *Accessory use.* A use which is customarily incidental to that of the primary existing use, which is located on the same lot or premises as the primary existing use and which has the same zoning district classification shall be permitted as an accessory use without being separately listed as a permitted use.
- (e) *North American Industry Classification System (NAICS) Codes.* The activity descriptions in the (2007) NAICS Codes prepared by United States Executive Office of the president, office of management and budget, (www.census.gov/eos/www/naics/index.html) shall be used to determine the primary establishment uses when reference is made to the tables to a designated standard industrial classification. Annually, staff shall determine if the manual has been revised. If the manual has been revised, such revisions and changes will be summarized in a written report and presented to the planning commission. The commission will make recommendations to the council regarding adoption of the revised changes to the zoning ordinance permitted uses.
- (f) *Permitted Use Table.*
