

FIVE FAVORITES

about our home

1. The lake welcome

One of the first things we loved was the lake view as you come over the hill on League Line Rd. The first time we saw that view, we thought, this is something special to come home to each day.

2. The cozy inviting spaces

The kitchen, living room and back patio area are our favorite gathering places. We enjoy having the extra space for family and guests.

3. Morning light

Beautiful morning light that fills the living and dining room.

4. Sunset, either way

Whether from the balcony or back patio, there's always a beautiful place to enjoy the sunset.

5. Quiet street & waterfront walks

We love the quiet street and we are going to miss our current neighbors! Neighborhood walks are peaceful, and having waterfront sunsets nearby never gets old. The home is conveniently located between Willis and Conroe which gave us quick access to dining, shops, and parks.
