A RARE FEATURE OF THIS HOME

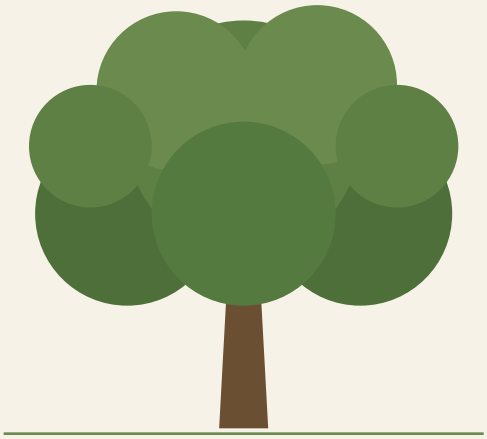

The Enchanted Oak Lives Here

A direct offspring of Lake Jackson's most famous tree grows in this front yard

THE STORY

In 2008, the Lake Jackson Historical Museum and the Lake Jackson Garden Club launched the first **Enchanted Oak Essay Contest**, inviting fourth graders to write about local history from the point of view of the city's beloved Enchanted Oak — the same tree featured on Lake Jackson's city logo.

Twenty classes from four elementary schools took part. Each class winner received a one-year-old sapling grown from the Enchanted Oak itself. One of those winning saplings came home to this house and was planted in the front yard that same year.

2008	~150	House-High
Planted in the front yard as a sapling	Approximate age of the parent Enchanted Oak	Now grown as tall as the home itself

WHY IT MATTERS

This isn't just a shade tree — it's a living link to one of Lake Jackson's most recognized landmarks. A stone at its base still marks the year it was planted, and the tree's journey from prize-winning sapling to mature oak was celebrated in *The Facts* (Brazos Life section). The family who planted it described the joy of watching it grow bigger every season.

A one-of-a-kind story comes with this home — and keeps growing.
